## "The Da Vinci Dialogues"

*Special Study on May 7th  
and May 14th*

It's hard to ignore the sensation created by the international best-seller, "The Da Vinci Code" by Dan Brown, especially with the movie coming out this spring. Why has this book created so much discussion and debate among theologians, historians, and people of faith? Is it simply a work of fiction or does it contain a deeper mystery that is now being revealed after 2000 years in the shadows? The Christian Connection Class invites you to explore these questions and others as we have a special two week study called, "The Da Vinci Dialogues" on May 7th and 14th in Classroom B at 9:30am. Please come if you can!

All are welcome.

## Sometimes the Whisper Speaks the Loudest

*by Laurie Gilbert*

**Laurie Gilbert meets with children at the Bible Camp in Guatemala.**

March 24th, 2006, a team of 22 people left for Lemoa, Guatemala. We left with open hearts and minds, ready for whatever was before us. At one point during the week, Ken Fong requested a moment to video each one of us, sharing what touched us the most during this mission trip. When it was my turn to be interviewed, it took me a while to think about what I really wanted to share. Sharing can be hard enough, let alone on video! There were so many things I wanted to tell about... but what spoke to me the loudest? It might have been how touched I was with this special group of people, who willing left their comfort zones to share life with the beautiful people of Guatemala, or was it getting reacquainted and playing outdoor games with the children in the Hogar del Nino Orphanage? It could have been visiting the 6th grade classroom at the Lemoa public school, an adobe hut separated from the main school, in the back of a corn field. I recalled the hard physical labor of hauling sand, gravel, cement powder, and concrete blocks for the orphanage classroom and the retreat bathroom. Maybe I would talk about the heart felt devotions shared by the team each morning or by Pastor Dave's inspired reflections

## Confirmation Celebration

The 2006 Confirmation Class had a wonderful dinner Saturday, April 22, at St. Luke's and were honored to listen to Ann Marie Hocchalter, a Columbine shooting survivor, share her story and the importance of her faith. Confirmations took place in the sanctuary and each Confirmand knelt at the altar and took vows given by Rev. Janet. (Ethan Goddard, surrounded by friends and family, is shown in photo above.) The class was also recognized in a ceremony during the 9:30 service the following Sunday morning. Crosses were given by their Prayer Partners as a keepsake reminder of Confirmation. We are proud of you all – congratulations and welcome!

## A MESSAGE FROM OUR SENIOR PASTOR

**Rev. Janet Forbes**  
Senior Pastor

### ST. LUKE'S DIVERSITY REFLECTED IN SPIRITUALITY STYLES

What a delight to listen to your reflections on our "Searching for Spirituality" worship series! Your responses to learning about spirituality are as diverse as the faith backgrounds and spiritual pathways that we bring to our life together.

The "Searching for Spirituality" experiences were based on research by Corinne Ware on spiritual typologies or preferences. Knowing how we are spirituality different from or the same as other people can help us understand our strengths. Such knowledge may suggest new ways in which we can grow together so that spiritual experience becomes richer. You may review the **Spirituality Wheel** and the spiritual styles of Head, Heart, Mystic, and Kingdom on the St. Luke's website at [www.stlukeshr.com](http://www.stlukeshr.com)

According to our survey results in discerning our PRIMARY SPIRITUAL STYLES, 38% of St. Luke's relate to God out of a HEAD spirituality, a thinking spirituality that values study, reflection, and living the faith congruently with one's vocation, beliefs, and values. The second strength of St. Luke's congregation is HEART spirituality at 26%. This spiritual style embraces the "affect" of worship, feeling the presence of God through word, music, and community. Both of these spiritual styles experience God as immanent and personal.

The third spiritual strength of St. Luke's is MYSTIC spirituality at 23%. Mystics enjoy contemplative worship with a blending of prayer, silence, ritual, music, and scripture. The fourth spiritual strength of our congregation is KINGDOM spirituality. At 13%, this spirituality reflects our deep commitment

to missions and social justice. Many KINGDOM seekers live their spirituality in the world, acting as prophets and change agents so that the Kingdom of God many be realized in the social structures of the culture. Our KINGDOM people push us, teach us, and lead us into the world to make a difference.

Our secondary preferences affirm a pattern which reveals a congregational leaning toward both Head and Heart, but name our growing edges toward mysticism and justice ministries. The secondary strengths were 39% HEART, 28% HEAD, 19% MYSTIC, and 19% KINGDOM.

Again, these percentages reflect our diversity and our commitments, our richness and our depth. What an exciting opportunity we have as a community of faith to learn from one another, to engage God from the multiple facts of the Holy One, and to stretch our experience to invite growth. The statements of feedback affirm a variety of worship experiences, the giftedness of our music and drama ministers, the hope of expanding into more contemplative, mystic settings for worship, the use to worship elements from our Christian tradition, the desire for reasoned engagement with theological thought and social issues, and the hope that worship connects in relevant ways to daily life.

Growing our spiritual life as a congregation is the hope of increasing the vitality of God's Spirit in us, as individuals and as a community of faith. The work of the Holy Spirit is to conform us to the image of Christ. Our worship leadership will continue to listen to the congregation and to God so that we might grow into full humanity by living the life of Christ.

*"Now the Lord is the Spirit, and where the Spirit of the Lord is, there is freedom. And all of us... are being transformed into the same image from one degree of glory to another; for this comes from the Lord, the Spirit." -2 Corinthians 3:17-18*

## MOUNTAIN SPIRITUALITY RETREAT - AUGUST!

**St. Luke's is planning its first spiritual retreat in the mountains, August 11-14, 2006.** It is becoming increasingly difficult to find the peace and quiet necessary to hear the "still small voice" of God. Our retreat will offer a sanctuary in the mountains where you can step out of a busy life for silence, solitude, study, and prayer. Come experience the wilderness of the Rocky Mountains from the vantage point of a comfortable hut, Francie's Hut of the 10th Mountain Hut system, out of Breckenridge. There is no phone, no TV, not a single distraction; only peace, quiet, nature, and spiritual companions. It is an ideal environment for spiritual renewal. Retreat hikers will participate in a variety of activities, from planned discussions and study to the daily cooking and cleaning. There is always plenty of time for solitude and prayer. The huts are near lakes and streams, and there are also good opportunities for hiking or simply enjoying nature far from the civilized world. Mark Ely will be our mountain guide. Mark has led two mission experiences to Guatemala for St. Luke's and is an experienced hiker and outdoorsman. He has been leading mountain spiritual retreats for Trinity UMC for five years. Check out the general overview of spiritual retreats at <http://www.puravida.org/participate/retreats>. Look for a sample schedule of the balance of study, solitude, recreation, and fellowship time. Rev. Dave Money will be the spiritual retreat leader. This mountain retreat is planned in response to congregational feedback on the desire for more contemplative experiences in the outdoors.

# The Social Principles, The Nurturing Community

by Susan McIntosh

*This is the third in a series of articles to help members and constituents of St. Luke's learn a little more about the Social Principles of the United Methodist Church.*

In the past months, I've given an overview of what the Social Principles are and a summary of the section on "The Natural World." This month's topic is "The Nurturing Community." Following Wesley's emphasis on grace, the UM Church indicates that "all persons are important – because they are human beings created by God and loved through and by Jesus Christ and not because they have merited significance." No matter who you are, where you are on your spiritual journey, or what struggles you may have experienced, **you are important.** We all, as a community, can "nurture human beings into the fullness of their humanity." At St. Luke's, we promise to do this each time we join together in baptism.

This section in the Social Principles then discusses several issues that can best be addressed within a nurturing community:

- The Family
- Other Christian Communities
- Marriage
- Divorce
- Single Persons
- Women and Men
- Human Sexuality
- Family Violence and Abuse
- Abortion
- Ministry to those who have experienced an abortion
- Adoption
- Faithful Care for Dying Persons
- Suicide

Most of us likely agree on some of these issues ("People who have experienced abuse and violence in their family should be loved and supported." "Single people are just as important as those who are married.") However, at various times in the church's history, disagreement on some issues seem more widespread than agreement. Reading the Social Principles shows a community that nurtures, despite disagreement. The current tough issues of abortion and human sexuality contain language reflecting the struggle in identifying a common statement, and have wording carefully shaped in light of these struggles. The struggle to find balance is evidence of the importance of all voices, and the continuing sentiment throughout is that every person is a creation of God's, and every person is important.

As in many churches, issues around homosexuality are friction points in the United Methodist Church. The discussion of human sexuality states that

"homosexual persons no less than heterosexual persons are individuals of sacred worth," that the "practice of homosexuality" is "incompatible with Christian teaching," and that "families and churches" should not "reject or condemn lesbian and gay members and friends." The clear tension between the phrases reflects the diversity of traditions, experiences, reasoning, and understandings of scripture of the many members of the church. This language – the church's official position – is part of the growing, communal nature of the Social Principles. As part of the Book of Discipline, sections of the Social Principles can be changed every four years, based on proposals brought to the General Conference. Like each of us, and like the church, the Social Principles are works in progress; with God's grace, they move more or less closer to God's vision for us as they grow and change.

The church believes that by listening to each other, we can hear God's call in the community. Through these articles, I hope that all of us will be able to listen to others' perspectives and try to understand how that person came to that place. As we talk and listen to God's voice in each other, our beliefs can grow, we can journey together in faith, nurturing each other's growth to full humanity along the way.

## OPPORTUNITIES

**Adult VBS - Exploring God's Promises** is a five week adult study beginning Wednesday, May 24 continuing through June 21st from 9:30-11:00 in the morning. We will dig into God's promises in five biblical texts and explore ways to live them and to share them with others. Each scripture illuminates a particular promise and finds fullest expression in the ongoing promise of God's presence in the resurrected Christ. God promises to love us, know us, treasure us, forgive us and to always be with us. These promises are foundational, and they confirm God's intention toward us in Jesus Christ. The cost of the booklet is \$9 and you must register by May 10th so that we can be sure to have enough and get you a booklet before the first class. Childcare is available with a reservation 24 hours in advance. To register contact Lynne Butler 303-791-0659 x11.

**St. Luke's History** A new small group is forming and we need people who like to research, compile and dig up stories. For St. Luke's 25th anniversary in 2008 we are putting together a booklet about the history, traditions, symbolism and much more about St. Luke's from our

beginning. Why start now? Because we want to take the time to make this a booklet that is meaningful and includes everything we can think of. This group will meet the 4th Tuesday of every month at 7:00pm in the Abraham room (which is downstairs off of Goliath.) Childcare is available with a reservation. Can't be a part of the group but still want to contribute? We would love to have all stories, ideas, pictures, and any other information you can think of. ## ADULT EDUCATION

The Adult Education committee will meet the 2nd Tuesday of each month at 7:00pm beginning May 9th in the Abraham room downstairs off of the Goliath area. Adult Education has not met for quite sometime so we would love to brainstorm new ideas to offer the adults of St. Luke's. Do you know of a great book to study, think we are missing something, have an idea for a class? Then join us as we plan class offerings for the next year. Childcare is available with a reservation 24 hours in advance. With questions please contact Lynne Butler x11.

## MISSIONS

*continued from page 1*

in the evening. Then again, listening to the stories of Sister Helen and Sister Connie, telling us about the war that so many Guatemalan's lost their lives in, really hit home. All of these thoughts have strong and meaningful messages, but I found what I wanted to share the most, was something I hadn't felt on a mission trip before. It probably isn't the most earth shattering or dramatic event, but it's what touched my heart. I have a feeling what I'm about to share, probably didn't really happen the way I remember it, but here it goes. At the beginning of one of our Bible Day Camps, after the bible story had been told, after the songs were song, we lined all the 300+ children up into 4 lines. On this one particular day we handed out small paper hearts out to each one of the children. One by one. As we handed them a heart, Laura Richards and I took turns saying, "Jesus te ama" or "Jesus loves you." What I remember is everything being so quiet and still, and as I said the words I looked into each one of those beautiful brown eyes, on their small, moist, dust covered faces and realized that the most important thing I could do on this trip, at this time, was to share those 3 beautiful words, "Jesus te ama." If Ken was videoing at that time, it probably was anything but quiet and still, but this moment filled me with peace that I can barely describe. Now, granted, a lot of these children are probably Catholic and have heard these words before, but what was different this time for me, was I said the words... out loud. Their little nods of the head or quiet voices saying "Gracias" just made everything seem so complete. So many times on mission trips I see and feel the physical needs, and it can overwhelm me, but this time it was different. It's then that I remembered that some where in the Bible, it talks about listening for the whisper. Thank you, Jesus, I think I heard it.

## **Travel With a Purpose: My Trip to Guatemala**

*by Carolyn McIntosh*

Hola! After weeks of preparation and anticipation, our church group of 22 arrived in Guatemala City at 8:30pm on Friday, March 24. We stayed the night at the largest Methodist Seminary in Latin America. The following morning we traveled the curvy road by way of the "chicken bus" for 3 hours to Chichicastenango. Our afternoon was spent playing with the orphanage children in Lemoa. The highlight of the day for me was seeing their happy, eager faces as they ran across the field to greet us and play with the new toys we'd brought to them. Their animated, grateful, smiling faces touched me deeply. Language was no barrier and we found that to be true with all the Guatemalan people the entire week. I found them a very warm and gracious people. On Sunday we went to the Market where among other things we purchased a brightly colored altar cloth for St. Luke's. That evening we attended the "God With Us" Methodist Church, where the pastor spoke to us in both Spanish and English. Pastor Dave was invited to speak a few words of greeting, also.

On Monday our work week began. We divided into two teams – one worked at the orphanage building on a second story addition and one at the Methodist Retreat Center on a bathroom. We hauled blocks, mixed concrete, built walls, dug trenches, etc. You should have seen those youth go to work! Interacting with the Guatemalan workers was a great experience and respect and admiration grew between us as the week progressed.

Bible Camp began on Wednesday afternoon and started with 100 village children the first day to 400 the last day. Again, this was a highlight for me. As the little ones came – some even with their mothers and older sisters carrying them – I was touched deeply. When Pastor Dave had the Opening Ceremony on Jesus Loves Me, the children were so reverent and attentive, you could truly feel God's presence as we all sang the song in Spanish, "Cristo me Ama." Every afternoon we also prayed in Spanish, Padre Nuestro (Lord's Prayer). It was awesome.

At night Pastor Dave led us in devotions and we reflected on the day's events. We laughed and we cried, as we told our stories and shared with one another around the fireplace. One night we decided how to allocate the money between the orphanage and John Wesley School, which St. Luke's so generously had raised. Another evening we discussed ways we could continue our involvement with Guatemala, which we'll let you know at a later date.

What I've written above is only a factual summary of what happened in Guatemala and much is missing. I can't begin to express all that the mission trip meant personally. I only know it was a life changing event for me and I would recommend this or a similar trip for anyone.

To be immersed in a culture, interacting with the people, being the hands and feet of Christ is totally different than just visiting a country as a tourist. It's "travel with a purpose" and building relationships. Talk to any of the other team members who went to Guatemala and catch their enthusiasm, too!

Over 350 children and adults enjoyed cotton candy, balloon animals, cookies, games, a bouncy castle, the Easter Bunny and the live bunnies! A special thank you to Valerie Koenig (pictured at left) who helped to plan and implement Easter Fun Day this year. Valerie, her husband Chris and their son Colton (pictured below with life-sized Easter Bunny), attend St. Luke's and are also deeply involved with The Special Olympics. Thanks, Valerie, and to everyone who helped make this fun event possible!

**A Note from Your Children**

Hey Mom and Dad, it's almost summer again. And you know that just before summer is spring and you know what that means in Colorado. It could rain, snow or be 90 degrees, all in the same day. I am so busy in the morning that I don't always remember everything I am suppose to have. Please help me to bring my coat, a hat and put on sunscreen every day. Sometimes the Nursery staff likes to take us outside and we want to be prepared. Also, I know that we look very cute in our suits and dresses, but don't forget there is a sandbox outside, and you know how I like to pretend I am at the beach, so please dress me in fun outdoor play clothes. Thanks Mom and Dad, you're the best!

Love, *The Children of St. Luke's*

**Nursery Reservations:** Please remember to make reservations for childcare 24 hours in advance. This is to ensure that your child(ren) will have plenty of childcare providers to give them all the attention they deserve. ## LITTLE SCHOOL News

### Merry Moments in May!

Little School has had another fabulous year, seeing our children blossom and grow! As another year comes to a close we meet this month with joy and sadness. One of our goals at Little School is to know each child as an individual and make a connection with their families. By doing this, however, we get so attached that we miss the children greatly when they move on after graduation. Sometimes we are fortunate to have their siblings remain with us, so we get to keep seeing our wonderful children and families!

This year Little School's theme has been **LIGHT** (*Matt 5:12*) and each month at Chapel we have been talking about different kinds of light! We have had crystals, light bulbs, candles, stars, flashlights, campfire light, tea lights, beacons and, of course, **SUNLIGHT!** Each month the children are visited by our biblical friend, Zeek (a very funny puppet), who teaches us about God's love and the light that shines in and around each one of us, and how we shine our God light to others. It has been a very fun time and the children always have an opportunity to sing the school theme song "This Little Light of Mine!"

Little School is looking for some fun, flexible moms, to work at Little School. **We need assistant teachers and lead teachers!** Please contact Little School at 303-791-1982 or [kay@stlukeshr.com](mailto:kay@stlukeshr.com) for further information!

May will be a very busy month for us with our Teacher Appreciation Luncheon, Mother's Day fun, outside activities and year-end parties! **Graduation will be held May 17th and 18th** with the last day of school for everyone being May 18th. The teachers will have a very full day cleaning and closing up for the summer on the 19th. School will begin on September 5th for children! Ms. Tami and myself will be working very part-time this summer to get things ready for fall. The best way to reach us during the summer is by email at [kay@stlukeshr.com](mailto:kay@stlukeshr.com). Please do not call the main church office to reach us, we will get back to you when we check messages each week... thank you!

Have a wonderful spring and a delightful summer!

Blessings, *Miss Kay*

### Sly, Jr. 5th & 6th Grade Fellowship Group

In May our Sly, Jr. journey will end with some really "cool", drippy wet group games and reflection on where we have come and where we might be going. Chris Wilterdink, our fabulous Youth Director, will share some of the great opportunities available to the 6th graders (soon to be 7th graders!) and Jenita will have some thrilling Mission Mania destinations. Don't be left behind! It's never too late to join in. Dinner is at 6:00pm and we end at 8:00pm.

### SUMMER SUNDAY SCHOOL – Adventure of the TREASURE SEEKERS

The theme of this summer's Sunday School program for our 9:30am 1st-6th graders explores God's promises as we dig into the stories of Ruth and Naomi, David and Jonathan, Esther, the Prodigal Son and talking to the Disciples. All this while we travel to an archaeological dig on an exotic tropical island. Each Sunday we will discover how the stories in the Bible can guide us into closer relation with God.

### VOLUNTEERS NEEDED TO LEAD OUR EXPEDITION!

We are asking for several adventurous youth and adults to come forward and give our PEAK Adventures Workshop leaders a well deserved break this summer. We need only eight individuals to lead our children each Sunday. All supplies and planning will be done and ready to go. All you need to do is prepare yourself by reading over the lesson and activity. There will be an organizational meeting on Saturday, May 13 to set the schedule and distribute the curriculum. Call or email Jenita Rhodes to get involved.

### Promotion Sunday is June 4th.

All children ages 2 through 6th grade will ceremoniously move to the next higher age or grade level class. Parents will drop their children off in this year's class and pick them up from their new classroom. Don't worry! We have never been left with lost children!

### Children's Dinner Theater

St. Luke's Children's Ministry presents the Children's Dinner Theater Friday, May 5th. Join us for a Cinco de Mayo themed dinner at 6:00pm. At 7:00pm the Cherubs Choir will perform and then St. Luke's own children will star in "Just Like Us". A play that teaches how we all are different but still alike. After that the puppet team will lead the audience in some fun karaoke songs. All proceeds from this night will benefit Big Brothers Big Sisters Colorado, Inc.

**VBS - June 26th-30th** St. Luke's lower level will be transformed into a tropical paradise for Son Treasure Island, St. Luke's 2006 Vacation Bible School. Every day children age 3 (by September 15th) through kids going into 5th grade will learn about how God treasures them through games, crafts, music, snacks, skits and Bible stories. Registration forms are available in the church office and are due by May 30th or when the program is filled. With questions please contact Lynne Butler x11.

**Family Christian Home** Each year the Methodist General Board of Discipleship has a theme for the Christian family. This year the theme is Peace. Throughout 2006, Children's Ministries will look for ways to educate and encourage families through literature and fun activities. On May 5th we will present a play, "Just Like Us", which teaches tolerance and celebrates our differences. Families will receive more information about the Christian Family theme soon.

**Little School will continue in May to collect items for Presbyterian St. Luke's Children's Oncology (cancer) unit!** Items may be donated by the nursery downstairs or in the tub by the church office. We still need NEW fleece children's or twin size blankets, individually wrapped snacks, drink boxes, crackers, fruit cups or other snacks! This is **EXTREMELY** important and the children on chemotherapy sincerely appreciate your donations! **THANK YOU!**

## Servant Spotlight: Susan Hooke

by Jill Wright

St. Luke's has no shortage of meaningful service opportunities. With so many important volunteer-driven programs and events, some may find it difficult to choose where to lend their talents, or which opportunity is in most need of their help. Some jump right in and immediately find their comfort zone. Others may try on many different hats until they find the right fit.

In Susan Hooke's case, she didn't find her true calling – it found her! We'll explain that later. First, let's meet Susan and see how her journey led to that event.

*"From Christ the whole body, joined and held together by every supporting ligament, grows and builds itself up in love, as each part does its work." - Ephesians 4:16*

Susan Hooke is a Colorado native, born and raised in Arvada. Her mother owned an antique shop and her father was a well-known attorney. Susan attended Catholic primary and secondary schools and studied recreational, travel and hospitality management at Colorado State and Metro State. She has worked as a flight attendant, a travel agent, a retail store assistant manager and even had a stint in the financial services industry. She and her husband Rob, an attorney, have been married since 1991 and have two children, Ryan, 11, and Samantha, 6. The Hooke Family lives in west Highlands Ranch.

Susan began attending St. Luke's about eight years ago on the recommendation of her neighbor, Michelle Krug. She joined St. Luke's about four years later.

"For the first few months attending St. Luke's, I often cried during services. Raised as a Catholic, I felt tremendous guilt for not attending a Catholic church, but I felt so drawn to St. Luke's, and I felt so welcomed here. I truly believe that God led me to St. Luke's to help me with rough roads that laid ahead," Susan shares.

"My family at St. Luke's was always there for me as we dealt with my own depression and other issues affecting my family," Susan says. "I couldn't have gotten through it without that support."

**"Working with these kids energizes me, they inspire me to be a better person. I get so much more out of it than I put into it... I feel that these kids help me as much as – if not more than – I help them."** -Susan Hooke

Susan and Rob Hooke's personal experiences led them to help start EMPOWER Colorado, an organization dedicated to families of children and youth with brain disorders. (Visit [www.empowercolorado.com](http://www.empowercolorado.com) for more information.)

Despite those trying years, and her involvement with EMPOWER Colorado, Susan still felt compelled to serve St. Luke's.

"I started volunteering at St. Luke's because I believe it is something we should all do for our community, in some way, at some time. There are times in our lives when we can give and there are times in our life when we need to take," Susan says.

For a few years Susan was involved with St. Luke's Caring Connection, the group that, among many things, organizes and sends meals to new mothers, persons recovering from surgeries or illnesses, and funerals. She was also active with what was formerly called the Family Ministries Team, which organized hayrides, the Christmas "hanging of the greens," and other events.

"Through my involvement with those activities I got to know a lot of St. Luke's youth. I was in awe of their depth and talents. They are such a great group of kids – so much more spiritual than I was at their age!"

About five years ago, then-Youth Director Aaron Shipman called Susan. He told her that SLY (St. Luke's Youth Group for junior- and senior-high school students) needed an adult advisor and that several of St. Luke's teens had specifically requested Susan.

And that is how Susan's true calling found her!

"I have definitely found my niche working with SLY," Susan says. "I get to be a teenager again and have so much fun. Some nights we are silly, playing games like Red Rover, and other nights we are very spiritual. Chris Wilterdink (current Youth Director) recently led a very moving Holy Week exercise involving loaves of bread. I was moved to tears. It is so wonderful to get to be a kid again, acting carefree and silly while also growing spiritually."

As SLY Youth Leader, Susan helps with the Sunday SLY group, drives youth to events and outings, assists with confirmation classes and performs other missions. "Last year I chaperoned SLY at the 'Up With Youth' weekend in Estes Park. I didn't get a whole lot of sleep that weekend!" Susan joked.

"Working with these kids energizes me, they inspire me to be a better person. I get so much more out of it than I put into it," Susan continues. "I have formed so many great friendships, and I feel that these kids help me as much as – if not more than – I help them."

Come and enjoy the final concert of the season for all of our amazing music ensembles at St. Luke's. To conclude the 2005-2006 worship and benefit concert season, many of the 17 ensembles in the music program will join together for a musical celebration finale. Following the free concert, there will be a social time with sweets for all. Please come and help us celebrate another wonderful and successful year in music that makes a difference at St. Luke's.

## Thank You Note from Jim

I can't thank everyone enough for the gifts of spiritual comfort, financial support and most of all the prayers these last several weeks. All of these blessings surrounding my recent vocal surgery have truly helped me through an incredibly difficult and emotional time.

I feel in my heart that this experience is absolutely God-centered. I'm profoundly grateful to those who continue to be a part of this journey with me and am deeply humbled as well as overwhelmed by your generous spirit. Please know how much I appreciate everything you all have done; the well-wishes, cards, prayers and perhaps most overwhelming – the pancake breakfast!

Your friendship, support and prayers have been an abundant source of strength for me, as well as for Leigh and the boys, these last few months. We are extremely grateful for the incredible outpouring of love and support from our St. Luke's family of friends! I'm looking forward to raising my voice with yours in song again very soon!

Members of the Chancel Choir and family members, 33 in all, are gearing up to head across seas to sing and visit France from May 26-June 5. The Chancel Choir tour includes singing in some of the most famous and grandest cathedrals in the world such as Le Madeleine and Notre Dame in Paris. In addition, we'll be participating in a wreath-laying ceremony at the American Cemetery at Omaha Beach in Normandy in which we'll be reading the names of veterans connected to St. Luke's in some way who have given service to their country and singing *America the Beautiful* as a lasting tribute. The Chancel Choir performs 6 concerts and recitals and will see the beautiful sights of France and it's glorious countryside. Please keep us in your prayers as we represent St. Luke's UMC and one of it's wider missions of making a difference through music in France. ## TRUSTEES CORNER

## Improving Building Security

by Sandi Miyaki

One of the primary roles of St. Luke's Trustees organization is to make sure we're doing everything we can to maintain the investment of our church home. While St. Luke's is very blessed to host so very many small and large teams throughout all hours of the day and night, one challenge we must solve together is managing building security.

Based on our past experiences and input from different people within St. Luke's and other similar organizations, beginning in April, the Trustees are launching a four-pronged approach to improving building security.

**First**, as you may have noticed on signs posted around our building, operations notes in our weekly bulletin and preliminary information shared within some groups, we're changing all of our exterior door locks. There have been so very many keys issued and later reported lost since the launch of our newest building that it's the only way we can reliably implement the new security policy and procedures.

**The second aspect** of improving security is to introduce a more disciplined process to the management of these new keys. If you need access to St. Luke's outside of business or worship hours, please get a new key from Bonnie in our office. She'll explain our policy and procedures, sign a key out to you and collect a \$25 non-refundable charge per outside key.

**Third**, as people are entrusted with keys, they're also entrusted with being accountable to check with others in the building before they leave to verify if they're the last one out that evening and to lock the front door. We're implementing a more formal sign-out process using a log book both as a reminder and a record.

**Lastly**, we're directing all traffic in and out the front door; the routing will minimize the numbers of locks and expense if keys are lost in the future.

Thank you in advance for your understanding and support as we work together to keep St. Luke's and our visitors secure. If you have additional ideas we need to consider to further enhance safety and security at St. Luke's, please send an email to Ken Fong, [kfong@att.net](mailto:kfong@att.net), or drop a note off at the office.

## FINANCIAL UPDATE

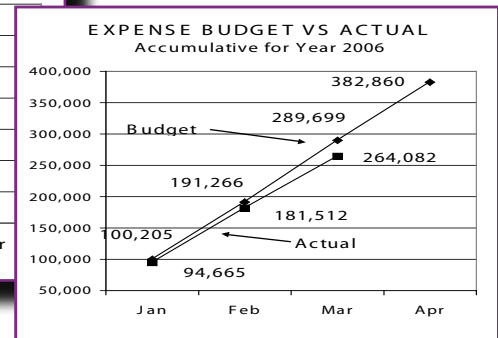

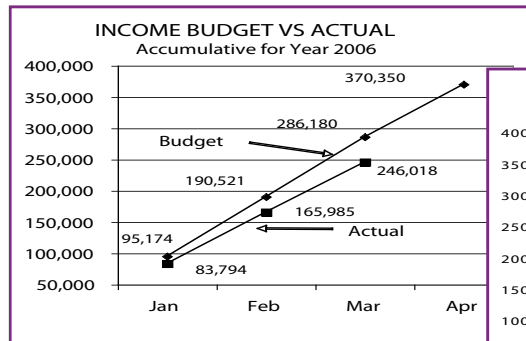

**Dave Cupp**  
Director of Finance

**First Quarter Financial Results:** I'm pleased that the accounting system conversion is now close enough to completion that up-to-date financial reports can be provided for your information and management purposes. The two charts included in this issue of *The Chronicle* will give you information about our performance for the first three months.

Unfortunately, you will note that our income is about \$40,000 short of what we had budgeted. It is my hope that providing you with this information periodically as we go through the year will serve as a reminder for you to make sure you are current with your giving. This should work much better than waiting until Fall and getting in the panic catch-up mode. We have worked the budget to the point that we should be very close to meeting our goal of breaking even at the end of the year. This will happen if everyone provides the support promised.

After nine months of work, I've learned there is no way to be exactly correct in income projection. However, that is no reason not to try. A procedural approach is much more accurate than no approach. The best we can do is to use our giving history to determine what percent of our annual income we can historically expect each month. The budget this year includes that monthly percentage distribution using the last three years. This approach did work pretty good for the last months of last year.

The chart for the expenses is showing we spent about \$25,000 less than budgeted. That is great. However, I'm not sure if the money was not spent because the budgeted amount was too high or if the timing in the budget was incorrect. I'm working on a report that will allow me to address the timing issue better for future reporting.

**First Quarter Giving Statements Mailed:** You should have received your first quarter giving statement by now. They were mailed on April 10. Please review your statement and let me know if corrections are needed.

**Check Writing Policy:** My policy is to write checks on Wednesdays for signatures and disbursement on Thursdays or Fridays unless some type of true emergency occurs. If you spend personal funds for which you are to be reimbursed, keep in mind the process may take 7 to 10 days from the time you get your reimbursement approved and delivered to me. Also, keep in mind that I'm only allowed to sign small checks in true emergency situations. Otherwise, the checks are signed by the Treasurer or Finance Team Leaders.

**Vacation Time Is Near – Don't Forget to Sign Up For Electronic Funds Transfer:** Why worry about getting your checks to the Church while your away on vacation or business? Give yourself some relief. Sign up for the Electronic Funds Transfer (EFT) program that will automatically do the paperwork for you. It's easy. You fill out the form indicating monthly or semi-monthly withdrawals, the date(s) you want withdrawals to happen and get the form along with a voided check to me.
