## Stories from our Summer Mission Trip

**From Ms. Susan Johnson:** On July 5 we embarked on the Junior High Mission Trip to Grand Junction. We drove with 31 kids and 7 adults and were fortunate enough to be welcomed by Crossroads UMC where we used their gymnasium as our home base. We slept there, bathed there and prepared our meals there. It is also where we would gather in the evenings to recap our experiences and strengthen our new friendships. We were a tight group and my hope is that everyone felt as connected as they looked. By the end of the week folks would walk into the soup kitchen and say "Are you the St. Luke's kids that everyone is talking about?" a good sign that we did a lot of work for a lot of people. We worked in teams at the soup kitchen hosted by Catholic Outreach, at Homeward Bound, a homeless shelter and food bank, at The Grand Junction Botanical Gardens, and at the Bureau of Land Management clearing misused areas and clearing debris to help prevent forest fires. We took our entire group to shop for food that we then took to the food bank and stocked their shelves doubling their inventory. We organized a storage facility owned by the homeless shelter that was full of donations of all sorts, sleeping bags, coats, personal items, diapers, overflow cots, blankets, etc. and built shelving so that they could see where the items were located and get to what they need easily. All of this was done in the very hot sun-bathed area of Grand Junction without any complaining from our youngest SLY members. I couldn't be more proud of our kids, their ability and willingness to serve others, their faith and their love for each other. We have much to be thankful for!!!!

**From Avery Hill & Kaitlyn Johnson:** When the bus pulled up to the church in Grand Junction, we could tell that everyone was excited to be there. Everyone knew each other by the time we settled in for the night. The next few days we got up eager and ready to help the people. In our groups, we formed families that had fun and worked together to accomplish what we went for. Over our trip we did a carwash, cleaned up trails, planted seeds, worked at a soup kitchen, and organized homeless people's needs. One day, after a hard day's work, we found a stream. It started with just our feet being dipped in, then our heads, and eventually our whole bodies. Once we were all in, we went under at the same time. It was such a touching moment, it felt like we were one with God and he was one with us. When we all got on the bus to head back home, there were many tears. We knew it would take some getting use to not having each other around

## Pura Vida Concert

*to Benefit the John Wesley School*

St. Luke's has been a key part of Pura Vida's efforts to provide educational opportunities for children in rural Guatemala. Our contributions over the past several years have included prayer, mission trips, building houses, building chicken coops, providing scholarships and supporting the construction of the John Wesley School in Santa Cruz del Quiché, Guatemala. Funds from the concert will go toward the fifth (and final) phase of construction on the John Wesley School. For more info about Pura Vida and The John Wesley School, go to [www.puravida.org](http://www.puravida.org). All ages are welcome to see Face All-Vocal Band. Face is a nationally recognized all-vocal rock band bringing a new edge and attitude to the human voice. In addition to Face, Mile 21 will also be performing. Mile 21 is a co-ed a cappella group from the University of Colorado in Boulder, representing some of the best in collegiate a cappella. The concert will be held at The Soiled Dove Underground at 7401 E. 1st Avenue in Denver on Friday, September 16, 2011. Doors open at 6:00pm and the show will begin at 7:00pm. Tickets are \$20 each (reserved seating). ## Marking the Tenth Anniversary of September 11, 2001

As we plan to recognize the tenth anniversary of September 11, 2011, a diverse group of faith leaders and organizations are partnering to plan a series of events to mark the day. As vice-president of the Colorado Council of Churches (which is one of the sponsoring groups), I am pleased to invite your participation. The theme for the series is **SHADOW AND LIGHT: A TIME OF REMEMBRANCE AND HOPE**.

The series will begin with an open house and community gathering on Saturday, September 3 from 5:00-8:00pm at the Colorado Muslim Society - Masjid Abu Bakr - located at 2071 S. Parker Road, Denver. The leaders and members of the Colorado Muslim Society are hosting the event to help generate a better understanding of Islam and to promote the goal of fostering peace, harmony and tolerance among all people of faith and goodwill. A vegetarian meal will be served. As a sign of respect, attendees should be prepared to remove their shoes if entering the prayer space at the mosque. Women are encouraged to bring a head covering if they want to tour the prayer space.

On Sunday, September 11, 2011, opportunities for remembrance and learning are planned.

**CONVERSATIONS THAT MATTER** at St. John's Episcopal Cathedral, 1350 Washington St. in Denver from 1:30 to 3:30pm. These conversations will be facilitated by local faith leaders, community leaders, and interfaith advocates. Topics will include: "People of Faith Speak Out: What do I love and what troubles me about my tradition?" and "What are the sources of our greatest fears of each other?" From 3:30 to 4:30pm, a joint session of Conversations That Matter will be led by James Laurie (Jonny 5) of the Flobots. A light supper will then be served.

That evening from 6:00 to 7:15pm, a multi-faith, community-wide service, **A SERVICE OF REMEMBRANCE, HEALING, AND HOPE**, is being planned by Muslim, Jewish, and Christian faith leaders. The planners have affirmed the following quotation as the underlying intent for the service:

*For nearly a decade now, since the attacks of September 11, 2001, we Americans have known without a doubt that any hope for a peaceful world will require profound engagement among the world's religions. (The Very Rev. Samuel T. Lloyd III, Dean of the Washington National Cathedral)*

As each of us prepares to remember, I encourage conversation in homes and among friends and neighbors. What have we learned about our world, our communities, and ourselves since that tragic day?

*Blessings -Rev. Janet*

## Have You Seen Jesus My Lord?

One of our favorite songs at Family Camp this summer was "Have You Seen Jesus My Lord". This is an old campfire favorite of mine from my days

at church camp. The chorus continues, "have You seen Jesus my Lord he's here in plain view, take a look, open your eyes, he'll show it to you".

As I sat in the mountains with the picturesque views, the fresh air, and the sounds of our St. Luke's family enjoying everything God's world has to offer, it was easy to see what the song was talking about. But now I'm back home, stuck in traffic, managing a busy schedule, and seeing more lightbulbs than sunny days and starry nights. I miss the mountains.

The funny thing is, Jesus being in plain view hasn't changed... Only I have. That whole "take a look, open your eyes" thing seems to be my problem. So I'm stopping right now.

Stopping the things I am doing, if only for a moment, to look. There it is. And when I feel like I can't see it again, I will have to stop once more. And I need your help, actually, we all need each others help with this.

The final verse of the song asks us to recognize the divine presence we share together. "have you ever stood in The Family, with the Lord there in your midst, seen the face of Christ on each other, then I say, you've seen Jesus my Lord". This statement is true for me every time we gather together as St. Luke's family. I invite you to "take a look" with me, as we open our eyes to this divine presence that fills our everyday lives.

## Guatemala - Spring 2012

*by Laura Richards* For the past seven years, St. Luke's has been sending Mission teams to Guatemala. We are currently in the planning stages for our March 2012 trip. The focus of this trip will be building a cinderblock school in the rural area of Lemoa. We recently were made aware of a "Cornstalk School" about 2 miles west of central Lemoa. The school has 2 classrooms of cinderblock and 4 classrooms literally built from cornstalks. The cornstalk classrooms have dirt floors which get very muddy during the rainy season. This

causes health issues with the students. In March 2011, community representatives presented Pura Vida with an estimate for building 3-4 cinderblock classrooms to replace some of the cornstalk classrooms. Given the value that Pura Vida and our St. Luke's teams place upon education we feel this will be an exciting opportunity for us to pursue next year.

As in the past, those team members who sponsor students attending school in Guatemala will have an opportunity to meet with their child while on the trip. We are also planning to build chicken coops for needy families and hold bible camps with the children.

Due to the overwhelming interest we have already received regarding this project, we are scheduling two back-to-back mission trips in March 2012. This will enable us to meet various scheduling needs of our volunteers while also providing the additional help the people of Guatemala need. Volunteers will have the option of going on the trip during:

- 1) Week 1 – March 16-25 (tentative dates) -OR-
- 2) Week 2 – March 23- April 1 (tentative dates)

The cost for a one week trip has not been finalized (due to fluctuating airfares) but in the past the cost has been approximately \$1,650 per person. More information about this trip can be found on the Pura Vida website ([puravida.org](http://puravida.org)). This website includes several journals, written by former St. Luke's missionaries, which describe our activities and missions work over the past few years. Also, due to the nature of this construction project, we will be enforcing the Pura Vida age policy which requires that youth be at least 15 years of age to go on the trip.

If you have any questions about the March 2012 trip, please email Laura Richards ([corichards@aol.com](mailto:corichards@aol.com)).

In addition, ***you are invited to attend our initial planning meeting on Sunday August 28 at 12:15pm.*** The meeting will be held in Rm 213 and is open to anyone interested in our church's mission work in Guatemala. If you definitely plan to attend the trip, please bring a check for the initial deposit of \$200.

## St. Luke's Participates In Love INC National Training

*by Carl Cleveland* Four members of St. Luke's traveled to Boise, ID the week of Jun 13th to learn more about the national model for Love In The Name of Christ affiliates and learn how we can strengthen our own partner, Love INC of Littleton. We were also blessed with the opportunity to tour the Love INC in Treasure Valley, ID which has been in operation for over 18 years transforming lives in their community in wonderful ways. St. Luke's participants included, Rev. Doug McKinney, Love INC of Littleton Executive Director, Cindy Raap, Clearinghouse Coordinator, Nita Dunn, Volunteer Co-Chair for Thrift Shop planning and operations, and Carl Cleveland, Board Member. Also, on the trip were Kari Mason and Steve Graber. Five of the six made the road trip together across the greenest Wyoming and Utah landscapes I have ever seen.

We learned about proven tools and processes, saw them in action during our tour of the local Love INC affiliate operations, networked with people from affiliates across the nation, and came away with great visions for the future. The most powerful message reinforced for all of us is that Love INC is truly in partnership with member churches to transform lives of people in need through caring, sustained relationships. While ***charity*** is a part of the model, Love INC goes beyond to ***developmental compassion*** in which both the giver and the recipient engage in finding solutions to needs in a way the empowers the recipient to take charge of their life. The volunteers get actively involved by getting to know the individuals and their stories. And all we do is modeled in excellence and love. It is a mission that neither Love INC nor a single church can perform alone. Together, in partnership, we can do so much more in the community, as we follow the teachings of Jesus to empower and love people in need.

Love INC of Littleton now has 20 partner churches including St. Luke's and 17 other affiliated churches involved in mission of love to serve our community. Each month hundreds of volunteers come together from these churches to share Christ's love through a wide variety of ministries designed to fill gaps in existing community services serving nearly 200 clients. It's exciting and the future is bright. If you want to know more about Love INC, go to [www.loveinlittleton.org](http://www.loveinlittleton.org) and watch for opportunities to support our community with Love In The Name of Christ.

## More from Les: A Long Lost Acquaintance

by Rev. Les Ludlam, St. Luke's Lay Associate Pastor 1993-1997

It was 1977 and the Denver area was booming! Things were looking up in the energy industry and with Wyoming coal mines under development, Oil Shale economics appearing favorable, and oil drilling success in the Rocky Mountain Overthrust Belt, my employer, ARCO, had decided to expand its presence to Denver. Space in a newly constructed building in downtown Denver had been leased and we were moving in!

It was a new era for the company! With a new building, new office furnishings were in order. The floor where my new offices were to be located had a large conference room in the middle of the floor, facing west. The decision was made to furnish this office with equipment that was "a little nicer," and since visitors from other companies would likely use it, a successful image was to be subtly presented.

The centerpiece for this conference room was to be a custom-built blond hardwood table. It had elegant rounded ends and round center supports so there were no table legs at the corners.

I learned that the table and chairs would cost over \$10,000! The table arrived and the building manager soon discovered that there was a problem; the table was too large to fit through the doorway into the conference room! ("A good engineer could have anticipated that, I thought to myself.")

A quick decision by the building manager and a quick call to a local cabinet-maker solved the problem. This beautiful table was neatly cut in half! Then it was placed in the Conference room. At the same time, a hole was cut in the top of the table to accommodate the state of the art (for that era) cabling for conference call receivers and transmitters.

Fast Forward to 2008. In was late summer, 2008. I had finished my appointment at Thornton UMC, and my request to affiliate with St. Luke's as retired Clergy had been accepted. Rev. Janet invited me to meet with and be introduced to the St. Luke's staff at their regular Tuesday morning meeting in the Conference Room on the main floor, across from the Kitchen and Fellowship Hall.

As I sat there in the staff meeting, listening to what was happening in the life of the church, I looked at the table where we were sitting.

It was familiar...Very familiar! Blond hardwood, elegant rounded ends, supported in the center so there were no table legs at the corners. And then the clincher! The table had been cut in half and there was a round hole cut in the top. I realized suddenly that this was the same table that had been purchased by ARCO 20 years before!

I learned later that the table had been bought from a company in Lakewood that specializes in the resale of used office furniture.

High hopes and grand plans of the 1970's and 80's had gone, ARCO had gone, I had gone on to another Division of the Company, and eventually left the oil industry and entered the ministry. But the table had not gone.

For me, seeing this table was like seeing a long lost acquaintance, it was an encounter with something else that had survived the energy industry crash of the 1980's.

A metaphor: I thought to myself, "that lovely table is a metaphor for St. Luke's experience in the late 1980's." St. Luke's has survived some difficult times and throughout that difficult time has continued to do what the church was meant to do – serve the people and community in mission and love. The table had also survived difficult times and continued to do what it was meant to be and do, just in a different setting.

If you have a moment, go to the Conference Room and reflect what this table's life has been like and how it continues to do what it does best. Then think about St. Luke's life and ministry in this community and thank God that we continue to do what we do best.

*God bless us all! Rev. Les*

## Jake's Take

Woof! Woof! Jake, Ms. Sharon's dog, here. I am on the Children's Beat, sniffing out and reporting all the latest news.

As you can see my friend, Tucker, the golden retriever, has retired from this column and has moved on to sniffing out news in his own backyard. Along with Tucker went his human, Ms. Melanie. She was a fantastic Assistant Director of Children's Ministry for the past 6 months but her parttime job at Quantum Corporation was expanded to a full-time position so she needed to step down as part of the St. Luke's staff. But she will remain very active in Children's Ministry as a volunteer here and we will see her in many other capacities at St. Luke's including music and drama. **Congratulations Ms. Melanie** and thank you so very much for your smiles and your hard work - we will miss you on staff! But I have sniffed out a new occupant of the Children's Ministry office and it is Dawn Johnson! **Welcome Ms. Dawn** as the new Assistant Director of Children's Ministry! I have seen Dawn around here a lot. She is very familiar with how things work around St. Luke's and will be a great addition to the staff. She is so passionate about children's spiritual growth and having fun, I bet she'll even let me come hang out with the kids occasionally. I also heard with my very sensitive canine ears that **Ms. Sam** will be doing more with Children's Ministry - this is fantastic news. Wow! What a team! I hope they all bring me lots of doggie treats!

Another big bow-wow shout out and thank you to Anne Hamilton, Tami Clement, the outstanding teachers and assistants and pastors for making this summer's **Wacky Wednesdays** a huge success and a fun time for all. Each Wednesday the kids participated in chapel time, crafts and games. Thank you to those who attended we hope to see you back again next summer!

## Cambodia Student Scholarships by Laurie Gilbert

*Striving to make a positive and productive difference in the lives of Cambodian children.*

St. Luke's and friends have been supporting students in Cambodia with Academic Scholarships for over 10 years! Dalay Lawrence (St. Luke's former Missionary in Residence - pictured at right with her family) is excited to be translating over 40 Thank You and informational letters to send on to current sponsors. The scholarships are given to selected students that come from families that wouldn't be able to send their children to an all day school. Many of the children end up staying home and helping with sibling care, garden work, or taking care of the daily family needs. With a once a year \$100 scholarship, they have the opportunity to have an education—an education that otherwise wouldn't be available to them.

St. Luke's visited Cambodia in 2001 and 2002 and had the opportunity to meet with many of the children we currently support. Dalay and I were able to visit with Rev. Joseph Chan and his wife last year, in San Francisco during one of their state side trips. They were able to give us positive and encouraging news about how the scholarships are making a huge difference for many children. Rev. Chan and his wife actively work with children all through Cambodia; however have a special connection with the Seim Reap community, where many of our sponsored students live. Our goal and prayer is to increase our sponsored student list by at least one each year. Unfortunately, our students "needing sponsorships" grows much more than that each year. The word is out that lives are changing because of our scholarships and more requests are coming in. We need your prayers and your support, if you would like to learn more about sponsoring a student, please go to our website today [www.helpcambodianstudents.com](http://www.helpcambodianstudents.com), the site will answer all your questions and have pictures of students currently hoping for a sponsor. If you need more information or would like to talk with someone, please feel free to contact Dalay Lawrence at: [dydalay@gmail.com](mailto:dydalay@gmail.com) or [laurie.gilbert77@gmail.com](mailto:laurie.gilbert77@gmail.com).

## The Spirituality and Wellness Team has begun planning a new series of programs for the 2011/2012 St. Luke's calendar.

To guide our planning we are returning to the results of the church-wide Wellness Inventory, as well as feedback from last year's workshops.

If you have ever wondered: What is spirituality? How can I find my spiritual self? Where does a spiritual journey go anyway?

Then we'd like to offer you engaging speakers, thoughtful conversation, and the Gracious Space to explore some possible answers. We invite you to "put a hold" on the following dates:

Tuesday, October 11, 2011

Tuesday, January 17, 2012

Tuesday, March 6, 2012

Look for more information about the 2011/2012 Spirituality and Wellness series in upcoming issues of *The Chronicle*, the weekly bulletin, and Ministry Moments. Spirituality and Wellness programs are open to the entire St. Luke's community – bring your friends. (If you have an interest in joining our planning team, please talk with Reverend Sallie.)

*"The organized unit of United Methodist Women shall be a community of women whose purpose is to know God and to experience freedom as whole persons through Jesus Christ; to develop a creative supportive fellowship; and to expand concepts of mission through participation in the global ministries of the church."*

## Dear Edwina coming soon!

**Sept. 16 at 6:30pm**  
**Sept. 17 at 2:00pm**  
**and 6:30pm**

*Dear Edwina* is a one-act charming children's pop/rock musical theater piece designed to be played by adults. Thirteen year-old Edwina Spoonapple would do just about anything to be a part of the Kalamazoo Advice-a-palooza Festival. While her siblings both have proof "up on the fridge" of their accomplishments, poor Edwina has nothing. When a talent scout from the convention visits her hometown of Paw Paw, Michigan, she trots out her musical advice giving shows live from the family garage in hopes of finding her place in the spotlight. She is assisted by her older siblings (on piano and drums) and a host of quirky friends and neighbors: Becky, the perky cheerleader; Kelli, the cool, sophisticated ballerina; Annie, the girl-scout cookie-selling champion; the Vanderplooonk triplets; Bobby, the befuddled new kid on the block; and Scott, who is helplessly and hopelessly in love with Edwina. Together they set out to tackle the world's problems, in number after hysterical number about everything from birthday party etiquette to the proper way to set a table ("salad fork, fork, plate, knife, spoon"). This show is perfect for kids of all ages! The performance will take place in Fellowship Hall for a limited number of seats. Tickets are available the end of August. ## HELLO FROM BELOW

It's Erin Klein downstairs in the Youth Office. As you might have heard, we switched things up a bit at the end of the school year. The Youth Ministry staff now consists of Susan Johnson and me. I have moved from Student Pastoral Intern to Interim Director of Youth Ministry here at St. Luke's. Susan and I have been hard at work this summer—praying, playing, and planning—continuing on through this time of transition to make things as easy as possible for our youth and their families.

It has been an amazing few months. The youth went on two mission trips this year—one to Detroit and one to Grand Junction. The stories I have heard are simply INCREDIBLE. We should all be so proud of our teens that were out there serving other communities in need during their summer vacations. We have also had our gender specific ministries active all summer. Our guys play ultimate frisbee every week and our gals have done everything from beading to Zumba.

It's been a fun, but fast summer. School is just around the corner! We here at SLY are excited to be moving closer to Fall. We have some big events coming up, including a weekend retreat and our annual Pumpkin Patch. We also have two new awesome Sunday AM opportunities starting up in September. Parents—keep your eyes out for our Fall mailing that will include calendars and information about all the great stuff we have coming up. A quick glance ahead at the beginning of next month: WaterWorld and then our Fall Kickoff! Find more details at [stlukeshr.com/sly](http://stlukeshr.com/sly) - Check out the new look!

Susan and I both feel so blessed to be working with such a fantastic group of young people. Stop down ANY time to see what we are up to!

*Until next month, Erin*

*How am I supposed to study for my test on Friday when I have a track meet and the school musical on the same day? Don't the teachers and coaches and directors know how busy I am? Every adult thinks that what is most important to them should be most important to me. I enjoy all these activities, and I'm doing okay, but I can't seem to make anybody happy, much less everybody. And when do I see my friends?*

Some of these thoughts may have run through your head in the past year or two. They would be normal. Of course you want spend your time in activities you enjoy. You may need help managing your time. You may feel you are not in control of your life. Someone else is always telling you what to do and where to be. You may feel out of balance or you are struggling to fit in. Maybe you wish your parents understood you better.

There are a lot of things about us that contribute greatly to who we are that we can't change or control. We did not choose our parents, but we will carry parts of them forever. Eye color, height, and shoe size may all come from our ancestors. That we were born in the USA allows us to live in a way which is different from someone born in Guatemala. However, beyond genetics and environment, we can shape our lives. We have the ability to choose. We can choose to be happy, we can choose to be sad. We can choose to study or not to study. We can choose to go to a party the night before the state swim meet or we can sleep and be rested. We are the end result of our choices, and making good choices is a habit.

A habit is something we repeatedly do without thinking. Our habits can make us or break us. I, Paul Peterman, will be facilitating a class called ***The Seven Habits of Highly Effective Teens*** this fall. I hope you will learn some new habits which will help you get through your teenage years successfully and with less stress. Let us know if you are interested: [paulpeterman@gmail.com](mailto:paulpeterman@gmail.com) or 303-346-2768. There will be more details to follow. See you Sunday.

*continued from page 1* and being able to see God's love so easily. There were many joys on this trip and many eyes were opened to the hardships some people face. We hope another wonderful mission trip like this one comes our way.

**From Amanda Burget:** The most memorable part of the mission trip for me was the last devotion, because it was so emotional. We started the devotion by sitting in a circle, and telling everyone something you loved about the trip. After that, we had communion, and sang the song "Sanctuary". After the devotion was done, everyone promised to keep coming to SLY, because we had become a family, and no one wanted that family to fall apart. Everywhere people were talking about the mission trip and other experiences they had had before with others. Everyone was hugging, and being loved by one another, it was so powerful to see that on the mission trip. I know that everyone grew closer together that last night, and I am pretty sure that not a single person avoided shedding tears.

I also loved rafting, because I got to know the people who were on my raft, better. When we were just floating along the river, it gave us time to talk about the trip, and what we loved about the week. It was really fun when the raft was rocked by waves. Almost everyone loved rafting, because almost no one had been before, and it was a new experience. Even though a lot of people were scared to go rafting, they ended up having a great time. I can't wait to go on the next trip!

#### **Free King Soopers Grocery Cards Available at Grocery Card Table.**

Yep—FREE. If you do not currently participate in our grocery card program it's easy to get started. Just stop by the

grocery card table on Sunday mornings and pick-up your free Kings Soopers \$5.00 reloadable gift card. St Luke's will receive a 5% rebate for every purchase you do with this reloadable card. You can load the card at Kings with any dollar amount you need and as often as you like by going to the Kings service desk or at the cashier using cash, check or your regular credit card. What a great way to build up points on your credit card.

The grocery card rebates from Kings, Safeway and Tony's contribute approximately \$12,000 to our general budget each year. This is a considerable amount that can grow significantly if more of our members and constituents will use the Kings reloadable cards that you obtain at our grocery card table. Give it a try.

**Pick and Choose Your Method Of Giving to SLUMC.** We have many ways for you to make your giving to SLUMC easy and convenient. You may want to consider one of these convenient methods for your contributions. In addition to cash and checks, we offer online credit card transactions, stock transfers and scheduled automatic withdrawals from checking or credit card accounts. The following is a general summary:

- 1. General Fund and Capital Campaign:** All methods.
- 2. Grocery Cards:** Cash, check, scheduled eft from checking accounts.
- 3. Special Events:** Depending on the type of event may include cash, check, PayPal and online credit card transactions. .
- 4. Plus:** We're anxious to consider any reasonable method you know about that we haven't adopted.

**Welcome Back!** As we begin to get things in order for our fall routines, we thought it would be a good idea to refresh everyone on emergency evacuation procedures. Many of you have children enrolled in our Sunday School classes with new teachers. It's important that you and your children know what to expect before the unexpected occurs so you have a plan. **Evacuation routes:**

**MAIN FLOOR, SANCTUARY** – if you have mobility challenges, our Ushers will help to guide you out the main front doors. Otherwise, those seated in the front NW section (nearest to the Sonrise Band section of the stage), should proceed to the front, evacuating via the staircase that's behind the pulpit area. If you're seated in the front NE Corner (nearest the choir loft), proceed out that back hallway directly to the exit door and down the North Fire Escape stairs to the outside.

People seated in the back SW quarter of the Sanctuary (nearest the Sound/Tech booth) should exit via the West stairway from the Fellowship Hall. Those in the back SE quarter (nearest the Usher's Closet), should exit via the front door – if you can lend a hand to ushers helping any mobility challenged attendees, please do.

People in the Chapel, Rms. 210, 212, and 213, should exit via the west stairs in that hallway and out to the backyard. People in the Fellowship Hall and Conference Room should exit the south stairs (same end as the kitchen).

Anyone in the Office area should exit through the staff entrance door into the main parking lot.

**DOWNSTAIRS** many classrooms have doors that exit directly to the backyard. After grabbing their class roster so they can make a full headcount once they're outside, teachers, students, etc., in these classrooms should gather at the far west side of our property in the back yard and stay together until each family comes to pick up their children. Teachers will check students' names as parents retrieve them. People in the music/choir/performance rooms, and any classrooms without exit doors, should exit out the lower NW exit door.

Please keep clear of any emergency personnel so they can care for the issue that caused the evacuation, and move to the perimeter of the lot or to your car if it's out of the way. If we're still awaiting their arrival, please help us to maintain a clear path for them to set up as needed.

*We plan to have a fire drill in the fall, so that everyone can get familiarized with these procedures.*

## **Monty's Methodism Musings: Involving Yourself in Missions** *by Monty Hoffman*

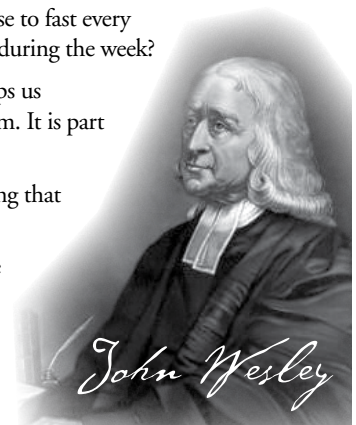

***"Do all the good you can."* –John Wesley      *"One does what one can."* –Bill Fethke**

As Methodists, we are familiar with John Wesley's call to acts of mercy for all of God's children. As people of St. Luke's, many of us knew and loved Bill Fethke, whom we lost to cancer. At a time in St. Luke's history when finances were difficult, Bill made the point that if each of us did what we could, the community would prosper. He was right and I have always remembered that phrase when I have been faced with a difficult situation. When we look out on the world, our first inclination is to feel overwhelmed with the problems that are present. When that happens, it is important to remember that we are called to do what we can, not to solve all of the world's problems by ourselves.

Many of my good intentions get lost in the busyness of my life. When that happens, I get frustrated. At those times, I try and remember Bill's advice and focus on what I can do. Here are some of the things I do to help me do what I can.

1. Be intentional. Make a conscious decision on what you will do to make the world a better place. John Wesley chose to fast every Friday of his adult life and give the money to feed the poor. Is there something that you could do with one less of during the week?
2. Be habitual. Note that John's act was something he did every week. Planning something on a continuing basis helps us remember to do it. Raina makes sure that we buy food every Saturday or Sunday and bring it to church for Denum. It is part of our weekly schedule and much easier to remember to do because it is.
3. Be present. Most of us are very busy people and time is valuable. Don't just write a check, get involved in something that interests you. Service to others then becomes a means of grace and gives back more than you will ever put into it.
4. Involve your children. St Luke's does a great job of providing opportunities for younger people, both as part of the family and with their peers. It gives your children a chance to develop compassion and to sense how rewarding it can be to be of service to others. I am humbled by the things that my children have done in service to others and I am sure that it has made them more compassionate people.

If as a community we all do what we can, the world will be a better place because St Luke's is a part of it.

# How to Help Your Child Leave for College

—Rev. Janet Forbes

For college students, leaving home for the first time may be one of the most exciting times of their life; however, it's still a difficult and sometimes challenging change to make. As a parent, you're probably experiencing mixed emotions – proud to see your child move on to higher goals and sad to see them leave.

It's a good idea to be both supportive and encouraging. And at the same time, it's okay to let your child see your sadness and how much you'll miss them.

- Tell them how proud and excited you are for them. They need to know and feel confident that they're doing the right thing. You can help by telling them how right this decision is and by becoming their biggest supporter. Hold your child in prayer every day.
- Spend time helping them plan their move. Even if your child is moving into a dorm or other on-campus housing, there's still a lot to buy and pack. You can help by asking them what they need to do, what they'd like to take with them, and how you can help. You can make suggestions on how to move their things and what they might need, but it's also important to take a step back and let them prepare for this change the way they need to.
- Make sure they know that their home will always be their home and that you'll always be there to support them. Your child will experience a range of emotions before leaving and in the first few weeks. Let them know that you're just a phone call away.
- If you're driving your child to campus, try to make sure that once he or she is moved in, that you leave them to settle in. Most colleges have activities and orientation plans scheduled so it's best to leave as soon as possible, allowing your child to be on their own.
- Pack a surprise "care kit." It could contain special items that you know your child will be without for a while: their favorite cookies, photos, a phone card, coins for laundry, something that says that you care and are rooting for them. It doesn't need to be much, just a little something from home.

Here are five things to do after you drop the kids off at college:

- 1. Parent Weekend Plans:** For most families, Parent Weekend is the first time you'll see your child since dorm move-in day. It may make drop-off - and imminent empty nesthood - a little easier if you start laying plans for that first reunion now. So reserve your spot for Parent Weekend, and make hotel reservations and any necessary travel plans. This might be a good time to sign up for the university's parent association too. It won't take the time commitment that ye olde PTA took up, but it's a good way to stay on top of campus events.
- 2. Fall Break:** If your child will be flying home for Fall Break, now's the time to book those plane tickets.
- 3. Thanksgiving:** Ditto, but even more essential because Thanksgiving week plane tickets disappear quickly.
- 4. Start Baking:** If your child is even the least bit homesick, a care package from home will help – and baking is marvelously therapeutic for parents too. So rev up the mixer, pull out the Tollhouse and start baking.
- 5. Date Your Spouse:** Your child may have gone off to college and perhaps your nest has emptied of children, but this is the time to rekindle your marriage, your friendships and your own life. Date your spouse as if this was the very beginning of a new relationship. Befriend your friends once more. Take up a new hobby.
